VEHICLE SPECIFIC REVERSE CAMERA KIT
STEALTH REGISTRATION PLATE MOUNT CAMERA

When a factory ute tub has been removed and replaced with flat tray onto the back you may also lose the factory reverse camera.

This kit allows you to add a high quality CMOS NTSC reverse camera system back into the vehicle without cutting into wires or drilling.

FEATURES

• Stealth registration plate mount reverse camera
• Plug & play vehicle specific harness
• Connects to the OEM headunit
• Simple DIY installation
• 90° Horizontal lens angle
• CMOS image sensor
• Parking guidelines (optional)
• Mirror image (optional)
• PAL / NTSC system (optional)
• IP67 Waterproof / dustproof

INCLUSIONS

• Registration plate mount camera
• Vehicle specific camera harness
• Product manual
